Testimonials

"Yuri's coaching was helpful beyond measure and finally allowed me to walk into an interview with confidence. Prior to our discussion, I was always nervous and never felt adequately prepared, and Yuri gave me some great strategies and candid feedback that took away a lot of my interview anxiety. Not only that, I had an interview coming up on short notice, and Yuri was very flexible with his schedule so that I could be prepared. With his help, I received a great job offer and can finally put the job-search behind me."

– Matthew D., 33, Tech Startup Employee

"Yuri partners with his clients in thought-provoking and inspiring ways to motivate them toward action. Yuri is an excellent coach and has created a methodology that spurs clients to maximize their potential. Yuri brought to our sessions professionalism, creativity, resourcefulness and a profound commitment to help get results."

- Michael N., 36, Investment Management Exec

"Yuri was great. Very responsive and thorough. He wanted to know about my interests outside of work and helped me think about tying everything together to make a career, not just a job. He also helped me understand how aspects of my current job translate to other industries and careers."

- Stacy, 36, Public Finance Exec

Yuri Kruman is a trusted business, career and life coach and professional strategist based in New York. CEO / Founder of Master The Talk Career Consulting, he is also a Member of the Forbes Career Council. He has helped clients of all career stages, industries and job markets around the world (and all around the U.S.) to chart a clear path on their careers, building confidence and understanding along the way and empowering people with the knowledge they need to find, compete for and win their dream, revamping their résumé, acing that interview and negotiating for the title and salary they deserve. Yuri has worked with and consulted for seemingly every sector of the professional world, from tech startups to multinational banks, pharmaceutical companies, law and academia—experience he now brings to help individuals set clear goals toward career advancement. He is likewise a well-published author and health tech entrepreneur, featured on Forbes, Inc., Fast Company, BBC, Time and PBS.
